Summary:

I am a professional Instructor for more than 30 years, and as a security instructor for about 26 years. I am teaching / instructing all security courses and levels (Certificate IIV & Guards - Officers) plus a wide range of specialized security programs. I have published some papers in the Directorate, and I am who wrote all the security training materials that is currently using by the MOI Training Center. In short, I am a good speaker with few words (I believe that my deeds can speak louder than my words), good listener but using my brain and my heart not my ears only. Stars are my limits: and to be useful - anywhere - is my objective.
